# 1. Introduction

The Guru99 Bank project aims to provide net banking facility to its customers. This release will have limited features. Over a period of time , new and new functionalities will be added to the site.

## 1.1 Purpose

*The Purpose of this document is to outline the requirements for the Guru99 Banking website to be developed for Guru99 Tech. Pvt. Ltd. This document will be used by all stakeholders including developers and testers.*

## 1.2 Scope

The scope of this project is limited to the testing of the features described in the succeeding sections of this document.

Non-functional testing like stress,performance is beyond scope of this project.

Automation testing is beyond scope.

Functional testing & external interfaces are in scope and need to be tested

***No QA support for mobile application developed. Only web service will be tested.***

The banking site will be only compatible with Chrome version 27 and above

## 1.3 Definitions, Acronyms, and Abbreviations

Abbreviation	Word
M	Manager
C	Customer

## 1.4 References

*Nil*

## 2. Specific Requirements

The Guru99 Bank will have 2 roles

1. Manager
2. Customer

Following features/modules will be available to these 2 different roles

Manager	Customer
New Customer	Balance enquiry
Edit Customer	Fund Transfer
Delete Customer	Mini Statement
New Account	Customized Statement
Edit Account	Change Password
Delete Account	Login & Logout
Deposit	
Withdrawal	
Fund Transfer	
Change Password	
Balance Enquiry	
Mini Statement	
Customized Statement	
Login & Logout	

Description of the modules

Module Name	Applicable Roles	Description
Balance Enquiry	Manager Customer	<b>Customer:</b> A customer can have multiple bank accounts. He can view balance of his accounts only <b>Manager:</b> A manager can view balance of all the customers who come under his supervision
Fund Transfer	Manager Customer	<b>Customer:</b> A customer can have transfer funds from his "own" account to any destination account. <b>Manager:</b> A manager can transfer funds from any source bank account to destination account

## 2.1 External Interface Requirements

### 2.1.1 User Interfaces

None

### 2.1.2 Hardware Interfaces

None

### 2.1.3 Software Interfaces

The bank will provide a mobile app wherein a customer can

1. See mini statement for his account.
2. See balance enquiry for his account.

two web service calls are created so the mobile app can connect to net banking database and sink data. Details as below.

#### Mini Statement

Get last 5 transaction details from server

#### Output Format

JSON

## API call category

User

### API Request

[http://demo.guru99.com/V4/sinkministatement.php?CUSTOMER\\_ID=68195&PASSWORD=1234!&Account\\_No=1](http://demo.guru99.com/V4/sinkministatement.php?CUSTOMER_ID=68195&PASSWORD=1234!&Account_No=1)

<i>Input Parameter</i>	<i>Type</i>	<i>Description</i>
CustomerID	Mandatory	User's customer id
Password	Mandatory	Users' password
AccountNumber	Mandatory	Account Number for which statements are required

### Response

```

### Error Code Table

Error Code #	Error Code Message
0	Success
1	NoData

2	Connection Issue
3	Login Credentials Incorrect

### **2.1.4 Communications Interfaces**

None

## **3.1 Front End Details**

This section describes the Front end of Guru99 Bank.  
It also lists a few use cases to describe the functioning of the system

Following is a list of module wise fields

### **Fund Transfer**

- Payers account no
- Payees account no
- Amount
- Submit
- Reset

### **Change Password**

- Old Password
- New Password
- Confirm Password
- Submit
- Reset

### **Balance enquiry**

- Account No (Drop down for Customer)
- Submit
- Reset

### **Mini Statement**

- Account No
- Submit
- Reset

### **Customized Statement**

- Account No
- From Date
- To Date
- Minimum Transaction Value
- Number Of Transaction
- Submit
- Reset

#### **New Customer**

- Customer Name
- Gender
- Date of Birth
- Address
- City
- State
- PIN
- Mobile Number
- Email Id
- Submit
- Reset

#### **New Account**

- Customer Id
- Account Type
- Initial deposit
- Submit
- Reset

#### **Deposit**

- Account Number
- Amount Deposit
- Description
- Submit
- Reset

#### **Withdraw**

- Account Number
- Amount
- Description
- Submit
- Reset

#### **Fund Transfer**

- Payers Account Number
- Payees Account Number
- Amount
- Description
- Submit
- Reset

#### **Change Password**

- Old Password
- New Password
- Confirm Password
- Submit
- Reset

#### **Delete Customer**

- Customer Id
- Submit
- Reset

#### **Edit Account**

- Account Number
- Submit
- Reset

#### **Form after submitting Edit Account**

- Customer Id (Disabled)
- Account Type (Drop Down - Saving or Current)
- Balance (Disabled)
- Submit
- Reset

#### **Delete Account**

- Account Number
- Submit
- Reset

#### **Edit Customer**

- Customer Id
- Submit
- Reset

#### **Form after submitting Edit Customer**

- Customer Name (Disabled)

- Gender (Disabled)
- Date of Birth (Disabled)
- Address
- City
- State
- PIN
- Mobile Number
- Email Id
- Submit
- Reset

## 3.2 Technical Requirements

### New Account

- T1** Customer Id - Customer ID is required
- T2** Customer Id - Special character are not allowed
- T3** Customer Id - Characters are not allowed
- T3.1** Customer Id - First character cannot have space

### New Customer

- T4** Customer Name – Numbers are not allowed
- T5** Customer Name – Special characters are not allowed
- T6** Customer Name - Customer name must not be blank
- T7** Customer Name - First character cannot have space
- T8** Address - Address Field must not be blank
- T9** Address - First character can not have space
- T10** Address - Special characters are not allowed
- T11** City - Special character are not allowed
- T12** City - City Field must not be blank
- T13** City – Numbers are not allowed
- T14** City - First character can not have space
- T15** State – Numbers are not allowed
- T16** State - State must not be blank
- T17** State – Special characters are not allowed
- T17.1** State – First character cannot have space
- T18** Pin - Characters are not allowed
- T19** Pin - PIN Code must not be blank

- T20** Pin – Special characters are not allowed
- T21** Pin – PIN Code must have 6 Digits
- T22** Pin - First character can not have space
- T23** Mobile Number – Mobile no must not be blank
- T24** Mobile Number – Special character are not allowed
- T25** Mobile Number – Character are not allowed
- T26** Mobile Number - First character can not have space
- T27** Email : Email ID must not be blank
- T28** Email : Email ID is not valid
- T29** Email : First character can not have space

#### **Balance Enquiry**

- T30** Account No must not be blank
- T31** Special character are not allowed
- T32** Characters are not allowed

#### **Customized Statement Form**

- T33** Account No - Account Number must not be blank
- T34** Account No - Characters are not allowed
- T35** Account No - Special characters are not allowed
- T36** Minimum Transaction Value – Special character are not allowed
- T37** Minimum Transaction Value – Amount Lower Limit is required
- T38** Minimum Transaction Value – Characters are not allowed
- T39** Number of Transaction – Special character are not allowed
- T40** Number of Transaction - Minimum Transaction Value must not be blank
- T41** Number of Transaction – Character are not allowed

#### **Delete Account Form**

- T42** Account No must not be blank
- T43** Special character are not allowed
- T44** Characters are not allowed

#### **Delete Customer**

- T45** Customer Id - Customer ID is required
- T46** Customer Id - Special character are not allowed
- T47** Customer Id - Characters are not allowed
- T47.1** Customer Id - First character cannot have space

#### **Deposit**

- T48** Account No must not be blank
- T49** Special character are not allowed

- T50** Characters are not allowed
- T51** Amount field must not be blank
- T52** Special characters are not allowed
- T53** Characters are not allowed
- T54** Description must not be blank

#### **Edit Account**

- T55** Account No must not be blank
- T56** Special character are not allowed
- T57** Characters are not allowed

#### **Edit Customer form**

- T58** Customer Id - Customer ID is required
- T59** Customer Id - Special character are not allowed
- T60** Customer Id - Characters are not allowed
- T60.1** Customer Id - First character can not have space

#### **Edit Customer**

- T61** Address - Address Field must not be blank
- T62** Address - First character can not have space
- T63** Address - Special characters are not allowed
- T64** City - Special character are not allowed
- T65** City - City Field must not be blank
- T66** City – Numbers are not allowed
- T67** City - First character can not have space
- T68** State – Numbers are not allowed
- T69** State - State must not be blank
- T70** State – Special characters are not allowed
- T70.1** State – First character cannot have space
- T71** Pin - Characters are not allowed
- T71** Pin - PIN Code must not be blank
- T72** Pin – Special characters are not allowed
- T73** Pin – PIN Code must have 6 Digits
- T74** Pin - First character cannot have space
- T75** Mobile Number – Mobile no must not be blank
- T76** Mobile Number – Special character are not allowed
- T77** Mobile Number – Character are not allowed
- T78** Mobile Number - First character cannot have space
- T79** Email : Email ID must not be blank
- T80** Email : Email ID is not valid
- T81** Email : First character cannot have space

### **Fund Transfer**

- T82** Payers Account Number must not be blank
- T83** Special characters are not allowed
- T84** Characters are not allowed
- T85** Payees Account Number must not be blank
- T86** Special characters are not allowed
- T87** Characters are not allowed
- T88** Amount Field must not be blank
- T89** Characters are not allowed
- T90** Special characters are not allowed
- T91** Description cannot be blank

### **Login**

- T92** User-ID must not be blank
- T93** Password must not be blank

### **Mini Statement Page**

- T94** Account No must not be blank
- T95** Special character are not allowed
- T96** Characters are not allowed

### **Change Password**

- T97** Old Password must not be blank
- T98** New Password must not be blank
- T99** Enter at-least one numeric value
- T100** Enter at-least one special character
- T101** Choose a difficult Password
- T102** Confirm Password must not be blank
- T103** Passwords do not Match

### **Withdraw**

- T104** Account No must not be blank
- T105** Special character are not allowed
- T106** Characters are not allowed
- T107** Amount Field must not be blank
- T108** Characters are not allowed
- T109** Special characters are not allowed
- T110** Description cannot be blank

## 3.3 Functional validations

### Balance Enquiry

#### Manager

**F1** Manager can view balance of accounts associate with him

**F2** Account number entered should exist in database

#### Customer

**F3** Customer can view balance of only his accounts

**F4** Account number entered should exist in database

### Fund Transfer

#### Manager

**F5** If these source and destination account numbers are invalid, system displays an error  
“Account ### does not exist!!!”

**F6** If these source and destination account numbers are same, system displays an error

**F7** If the source account does not have the necessary balance, system displays an error

**F8** If the source account does not associated with manager, System displays an error

#### Customer

**F9** If the destination account number is not valid, system displays an error “Account ### does not exist!!!”

**F10** If these source and destination account numbers are same, system displays an error

**F11** If the source account does not have the necessary balance, system displays an error

**F12** If the source account is not associate with customer itself, System displays an error.

### Withdrawal

#### Manager

**F13** If source account number is invalid, system displays an error

**F14** If source account does not have the necessary balance, system displays an error

**F15** If source account does not associate with manager, System displays an error.

#### Customer

**F16** If source account number is invalid, system displays an error

**F17** If source account does not have the necessary balance, system displays an error

**F18** If source account does not associate with customer, System displays an error.

#### **Deposit**

##### Manager

**F19** If destination account number is invalid, system displays an error

**F20** If destination account number does not associate with manager, System displays an error.

##### Customer

**F21** If destination account number is invalid, system displays an error

**F22** If destination account number does not associate with customer, System displays an error.

#### **Delete Customer**

##### Manager

**F23** If Customer Id is invalid, system displays an error.

**F24** If account associate with Customer Id, System displays an error.

**F25** If Customer Id does not associate with manager, System displays an error.

#### **Delete Account**

##### Manager

**F26** If Account Number is invalid, system displays an error

**F27** If account does not associate with manager logged in, System displays an error.

#### **Edit Account**

##### Manager

**F28** If Account Number is invalid, system displays an error.

**F29** If Account number does not associate with manager, System displays an error. On success , Account details must be shown.

#### **New Account**

##### Manager

**F30** If Customer ID is invalid, system displays an error.

**F31** If initial deposit is less than 500, System displays an error.

**F32** If Customer Id does not associate with manager, System displays an error. On success account detail must be shown.

### **New Customer**

#### Manager

**F33** If same Email Id exist in the system, system shows an error. On success , user registration details must be shown.

### **Edit Customer**

#### Manager

**F34** If same Email Id exist in the system, system shows an error.

**F35** If Customer Id is invalid, System displays an error.

**F36** If Customer Id does not associate with Manager, System displays an error. On success , user registration details must be shown.

### **Change Password**

#### Manager

**F37** If Old Password is invalid, System shows an error.

#### Customer

**F38** If Old Password is invalid, System displays an error

### **Customized Statement**

#### Manager

**F39** If account no is invalid, System displays an error

**F40** If From Date is greater than To Date, System displays an error.

#### Customer

**F41** If account no is invalid, System displays an error

**F42** If From Date is greater than To Date, System displays an error.

### **Mini Statement**

#### Manager

**F43** If account no is invalid, System displays an error

**F44** If transaction not exist in system, System displays an error.

**F45** If account not associate with manager itself, System displays an error.

Customer

**F46** If account no is invalid, System displays an error.

**F47** If account associate with customer itself, System displays an error.

### **Balance Enquiry**

Manager

**F48** If account no is invalid, System displays an error

Customer

**F49** If account no is invalid, System displays an error

## **3.4 Classes / Objects**

3.5.1.1 Attributes

3.5.1.2 Functions

## **3.5 Non-Functional Requirements**

Nil

## **3.6 Inverse Requirements**

Nil.

## **3.7 Design Constraints**

Many of the Guru99 Bank users may not have adequate computer knowledge to use the site.  
Hence, System must be intuitive and easy to understand.

## **3.8 Logical Database Requirements**

Nil

## **3.9 Other Requirements**

Nil

## **4. Analysis Models**

Nil

## **5. Change Management Process**

Changes to the SRS either from the development, testing team or the client side will be communicated to the project sponsor Mr Krishna Rungta.

Any change made to the SRS will require a sign off from the Development lead , QA lead and the client.

Once approved changed will be made to the SRS and the new SRS will be circulated to all stakeholders

## **A. Appendices**
